

A thick, yellow braided rope is coiled into a circular shape on a dark, textured surface. The rope has frayed ends and is the central focus of the image. The background is dark and out of focus.

LSA & FFE SERVICING

Fire Safety Solutions

We perform filling, renewal and inspection of every kind of fire extinguishers, installation of fixed-firefighting systems, servicing of every kind of firefighting equipment and hydrostatic testing.

Load Testing

We perform waterbag load testing. Waterbags provide a flexible means for all forms of load testing or ballasting in lieu of traditional dead weights.

Using certified water bags, we are capable to execute load tests on cranes/lifting appliances, lifeboat davits.

Lifeboats & Davits Appliances

We perform annual and five-yearly inspections and tests of lifeboats, rescue boats, life rafts, and davits according to the latest IMO and SOLAS regulations for manufactures whom we represent.

Liferaft Solutions

We provide in-house life raft service. We are equipped to service and repair rafts (from capacity of four person to sixty five person), life jackets, yolks, Dan Buoys and Jon Buoys.

Safety Equipment Supply

We have 20+ years experience in supply of marine safety equipment including life rafts, lifejackets, immersion suits, rescue boats, pyrotechnics Canvas/PVC covers and various other marine safety equipment.

Calibration Services

We offer supply, servicing and calibration of measuring equipment on board (gas detectors, UTI devices, fixed gas detection systems, pressure & temperature calibrators, pressure gauges, thermometers, alcometers, calibration gases).
